Plan ahead for Housing Selection!

These two charts can show you all the possible options for your group in university housing.

Please note that this is a **TOTAL** view of campus, and not every option is available in every building, as what is available **TO YOU** may be different than what is available to another student based on your class year, gender, etc. You will be able to see the bedspaces specifically available to you on the vacancy viewer on Housing Online starting one week prior to selection. Some options are very limited.

* Shows buildings that are only available to Honors Students.

+ Shows buildings that are Northeastern Leased Properties.

The chart on the left shows you the building and the apartment sizes available for each building. We recommend using this chart in conjunction with the Rates Chart to get an idea of what types of rooms are in each building.

The chart belows shows the possible room configurations for that apartment size.
